Re: Finance Docket No. 34797

Dear Ms. Johnson-Ball:

Allowing a waste transfer facility in North Woburn/Wilmington is a terrible idea. This is a very densely populated residential area that already has more traffic than the roads can handle. The busiest intersection in New England (the 93/95 interchange) is only about a mile away! Not only will additional trucks be stuck in traffic themselves, they will make it even more difficult for residents to get to work and school.

I hope you will stop this project.

Very truly yours,
